## Clay City Loses to Winchester

Saturday's ball game with Winchester was the fourth game for Clay City, winning the two first and losing the two last. We feel good by breaking even so far and do realize that we have been up against some fast teams and hard fought games. We were out classed in some parts of the game but not in all, nevertheless we think we still have some material that is making good.

We go to Bell Point Sunday, the 29th, with a little change in the line-up, where we expect to redeem what we have lost and start out again with one game to our credit. Bell Point has strengthened their line-up and we are expecting a close game.

The management of Clay City has taken an interest in the Mt. Sterling team and expects to have a winning team both at home and at Mt. Sterling.

On Saturday the 28th we will play the Bloomer Girls, of St. Louis, at Mt. Sterling, which no doubt will be one of the features of the season. We are going in base ball to win from now on and will furnish the fans with some real sport, so watch and listen for the result of both of these games and give us all the support you can.

## Advance Agents Here

The advance agents of Bryant & Johnson's show were here Friday billing the town and went from here to Stanton in the afternoon and advertised that town for a performance there. Mr. Bryant senior member of the firm is well known to the editor of the Times, and is a native of Jackson, Ky. He runs a job printing establishment at Lexington under the firm name of the Bryant Printing Company. The show will exhibit at Stanton on Monday after the exhibition here on Saturday.

## Paper Shortage

Owing to the strikes in the paper mills and labor troubles generally, there is an impending paper famine among the small papers. The Times gave an order thirty days ago for some newsprint. We then could get no promise for the paper before June. We have ordered from another house and hope to be out again next week on time.

## Prominent Banker Dies Suddenly

N. Holly Witherspoon, president of the Winchester Bank died very suddenly Tuesday evening after a full days work at his bank. The cause of his death was heart failure.

## Ford Sales

Joe Mountz, the Ford agent, delivered the following machines: W. G. Gravett, Joe Clark, Chas. Bush, Wm. Garrett each a touring car; Geo. Billings a roadster.

## The Hottest May Weather

The weather bureau reports the prevailing warm weather as the hottest ever recorded in the month of May.

## Republican Confab

Quite a number of Republican voters met at Stanton Saturday and made tentative nominations for county officers to be voted for this fall as follows:

County Judge, Norvel Wireman; Sheriff, Marion Welch; County Clerk, Sherman Robbins; Circuit Clerk, Guy Crowe; Jailor, Butler Barnes.

The line-up is a good one and does credit for the party and shows their good judgment in their effort to name the candidates in peace and harmony.

## Road Work Continues

Work on the Bird Adams hill continues with promises of completion within a few days. This hill is one of the worst in the county and its cutting down will be of untold benefit to the public. Soon as this hill is completed, another one is to be taken hold of, and so on until the road between Clay City and Stanton is put in good condition. This community aid is a great thing for roads, and beats state aid by far for all parts of the county.

## Stanton Items With us Again

Our Stanton letter is with us again this week. This news matter is a very attractive feature of the paper. When it fails to appear there is always a number of inquiries about the missing items. We are always glad to print any news of importance from any portion of the county as well as from our Stanton correspondent. So send them in, but be sure it is news and not altogether neighborhood happenings.

## Fiscal Court Meets Friday

The Powell Fiscal Court will meet at Stanton Friday in called session to attend to important business and to consider further road building in the county. Here's hoping that as we can get no State nor Federal aid this year the court will accept Community aid, and continue the good work it has so successfully begun.

## Smile

When the cold north wind is blowing,  
And the snow is on the ground,  
Look up and smile my brother,  
For there's business to be found.

When the world seems dead against you,

And your toils all seem in vain,  
A happy smile my brother,  
Is like a gentle rain.

It keeps the flowers blooming  
Around you day by day,  
And gives you a footing in better homes.

Where your business is sure to stay.

Smile when you feel like cussin',  
When things seem on the bum,  
Smile and work with all your might  
And success is sure to come.

Don't worry o'er past failures,  
But let new hopes abound,  
For 'with the water that has past  
No mill has ever ground."

So come and get in the jolly crowd,  
Where grump dont show his face,  
Just smile till future comes along  
And lands you in your place.

J. P. HOPKINS.

Winchester, Ky., May 21, 1921

## Sensible Thought

The Sun reporter interviewed Mr. H. G. Garrett, of this city, who has just returned from a ten days' stay at Washington, D. C., where he was looking after interests of Federal Aid for roads in Kentucky and other matters. Mr. Garrett is rather pessimistic on the outlook for general business throughout the country, his investigation from many sources, he states that the outlook for the agricultural interests is gloomy as there is an over-production, a big surplus of old wheat and a big crop on hand to harvest, three years tobacco crop on hand, and he states the producers and manufacturers are back on the pre-war prices. It is now up to the broker and retailer to adjust their prices according to the prices of producers. The Central Kentucky retail prices are 40 per cent higher on all merchandise, including groceries and meat products, than they are north of us. The farmers and wage earners are going to have to use the power of organization to adjust these matters.

Mr. Garrett says that it is discouraging to tax payers to be in Washington and see the thousands of unnecessary office holders on the payroll of the Government and thousands of others trying to get on. It just about takes all the time of the Republican Congressmen and U. S. Senators to listen to this class of their constituents.

The great unorganized public in every instance, regardless of politics should vote against every member of the Congress and Senate that voted for a large army and navy, the tax paying public are groaning under the burden of Federal taxes. It makes no difference which party is in power they are soon won over by these army and navy officers lobbying for the army and navy for large appropriations. They are a haughty class and have the magnificent strut of a peacock. Something must be done to stop this propaganda. Every time they want a big appropriation for the army and navy we are on the verge of war there is nothing in their claims.—Winchester Sun.

## The Output of Caretaking

Mr. John M. Kennon, one of Powell county's largest farmers has been amply rewarded for the proper care of at least one piece of farm machinery. He has just finished planting his large corn crop with the corn planter that he first used seventeen years ago. This has been made possible by properly taking care of this machine as he does with all his farm machinery. Probably not more than one-third of all the machinery on the farm is ever worn out. It really rots or rusts out for the want of proper care and shelter, or else is allowed to run without sufficient oil or taps allowed to get loose and thus do damage to the machine. Nothing is a greater source of accumulation of money on the farm than by the proper care and protection of the machinery and implements employed on the farm.

## STANTON.

There was a splendid crowd out to Sunday school at the Christian church last Sunday and we hope to have a larger crowd this coming Sunday. All that hasn't been coming, hitch up the old horse, bring all the children and come to Sunday school. Don't fail to come.

## Saturday and Monday are

### Circus Days for Powell County

Saturday is circus day in Clay City and Monday is circus day in Stanton and everybody is preparing to attend The Bryant & Johnson Combined Shows. The children are in high glee over the coming opportunity to see the funny capers of the merry clowns. The grown-ups are also glad of the opportunity to get away from business for a few hours in order that they may be a child once more and take in the big show and have a jolly good all-round time at little cost—to drink circus lemonade and think of the good old days past and gone when they were children and "dad" used to take them to the show. Two performances—afternoon and night, on Saturday, May 28, in Clay City and Monday, May 30, in Stanton.

Dr. and Mrs. Albert Easter recently visited some of Mrs. Easter's relatives in Clark county. Isaac Watts, a little grandson of of Mrs. Easter returned home with them for a visit.

## Stanton Scouts Play Mt. Sterling

The Stanton Boy Scout ball team with Prof. L. O. Knox went over Saturday to Mt. Sterling and played a game of base ball with the Mt. Sterling Scouts, resulting in defeat for Stanton scouts by a score 17 to 8. The Mt. Sterling scouts will visit Stanton and play them Saturday, June 4. Here's wishing them better success than they had at Mt. Sterling last Saturday.

## IS YOUR HEALTH GRADUALLY SLIPPING?

Interesting Experience of a Texas Lady Who Declares That if More Women Knew About Cardui They Would Be Spared Much Sickness and Worry.

Navasota, Texas.—Mrs. W. M. Peden, of this place, relates the following interesting account of how she recovered her strength, having realized that she was actually losing her health:

"Health is the greatest thing in the world, and when you feel that gradually slipping away from you, you certainly sit up and take notice. That is what I did some time ago when I found myself in a very nervous, run-down condition of health. I was so tired and felt so lifeless I could hardly go at all.

"I was just no account for work. I would get a bucket of water and would feel so weak I would have to set it down before I felt like I could lift it to the shelf. In this condition, of course, to do even my housework was a task almost impossible to accomplish.

"I was . . . nervous and easily upset.

I couldn't rest well at night and was . . . just lifeless.

"I heard of Cardui and after reading I decided I had some female trouble that was pulling me down. I sent for Cardui and began it. . .

"In a very short while after I began the Cardui Home Treatment I saw an improvement and it wasn't long until I was all right—good appetite, splendid rest, and much stronger so that I easily did my house work.

"Later I took a bottle of Cardui as a tonic. I can recommend Cardui and gladly do so, for if more women knew, it would save a great deal of worry and sickness."

The enthusiastic praise of thousands of other women who have found Cardui helpful should convince you that it is worth trying. All druggists sell it.

Eld. Sherman Robbins was out from Clay City Sunday to attend the Saints' revival meeting, which was in progress at Little Creek school house.

Mrs. A. Nelson has had constructed a nice parlor to her storehouse and dwelling, which is quite an improvement to the

village property.

The Saints closed a successful meeting at Little Creek school house Sunday. Our local man, C. A. West, assisted by Rev. McIntire, of Lexington, did the preaching, and these men labored hard throughout the week to save souls. The efforts put forth were not in vain as a general awakening of the Holy Spirit was felt over the community, thereby the result being the conversion of a good number. Bro. C. A. West will begin another meeting at the Vaughn's Mill school house today (Thursday).

The local Sunday school attendance has fallen off considerably due to the fact, as it seems, there is other religious services being held in the community of more importance. The writer is a strong agitator and a firm believer in this kind of religious work for the Master—Sunday school—but we are always ready to give way to those who can do the most good. Let us come together next Sunday in the capacity of a Sunday school as usual, and let this good work continue if for no other reason than for the children's benefit.

There were five shirts, two pair of home made drawers, a pair of corduroy trousers, two handkerchiefs, two under shirts, a hat, two purses, a pair of gold filled glasses and case, a card of safety pins and pearl buttons, a cake of soap, box of matches and watch chain in box of matches, one purse contained \$6.85, four one dollar bills, the rest in silver except five pennies, some of the money was minted in 1919. The clothes are large size, shirts size 16, shoes look to be 10 or 11, right shoe sole has a patch, rubber heels, he wore heavy work

socks, blue serge trousers, good quality, a wool hat. Near the bones was a part of two newspapers, a Campton Courier, date July 5th 1917 and a part of a Lexington Herald. The finding of this skeleton is quite a mystery here as there has been no one missing and no inquiry made for any one. The basket is in good condition, the oil cloth looks bright. It is supposed he missed the road and fell over a cliff something like 40 feet high. The shoes had been removed, one was on right side the other on left of skeleton, some of the bones are broken. All is being held here and every effort is being made to find the relatives and to solve the mystery. There is no date on piece of Herald but gives an account of the marriage of Miss Gladys Niblack and Mr. Leonard Osborne, of Clark county.

The remains were about 50 yards from the road, but this road is not much traveled, and it is thought he has been there 12 or 18 months. Several teeth are missing from both lower and upper jaw, the few hairs found are well streaked with gray, he also wore a mustache.

The trade mark on card of pearl buttons is a little girl holding her doll by the arm and the name "Chalmers". The trade mark on a plated white bosom shirt is "Stirling" in red letters, on another is "Clover". A piece of a scythe rock, some soap and a pair of new shoe strings were also among the belongings. Any one knowing the man could easily identify his bones by the clothes he wore.

## Writes His Thanks From Washington

Only men and women who have suffered from kidney trouble can realize how grateful one feels when relief from suffering is achieved. Nathan Harned, 621 N St., N. W. Washington, D. C., writes: "I was troubled with my kidneys for years, but got no relief until I took Foley Kidney Pills."—Sherman Robbins & Sons local dealers.
